The San Antonio Report, which first published in February 2012, is a 501(c)(3) nonprofit, nonpartisan local news organization. We are San Antonio's leading local online news source focusing on the personalities, politics, neighborhoods, businesses, culture, cuisine, arts and entertainment that impact San Antonio.

POSITION OVERVIEW

The Business Fellow will provide support to the Chief Operating Officer and Director of Development by assisting with marketing efforts, advertising, member and reader events, and

donor research and cultivation. The marketing and engagement intern will work alongside the various members of the San Antonio Report business team.

This is a great opportunity to learn about a fast-paced, growing industry while also learning more about the challenges and opportunities within our city. The San Antonio Report's stability and growth depends on our ability to market ourselves effectively and engage with our audience on a meaningful level. We look forward to having an enthusiastic intern join our team. This role will report directly to the COO and Director of Development but will interact with many roles across the business.

Generously underwritten by Joni and Gary Raba, the Fellowship program is comprised of two internship opportunities for Spring 2021: one editorial and one business team fellow. Fellows will be mentored by San Antonio Report leadership and provided educational opportunities to learn from both editorial and business staff. The business fellow will be provided opportunities to attend virtual or in-person meetings with business and civic leaders over the course of the internship, attend partner and sponsor meetings and identify a personal project to explore.
