

Allegation 1:

Section 2-74(l) of the City of San Antonio Ethics Code requires that officials report the name of each person, business entity, or other organization from whom the reporting party or his or her spouse, received a gift with an estimated fair market value in excess of one hundred dollars (\$100) during the reporting period and the estimated fair market value of each gift.

Nirenberg failed to report a high-valued gift on his annual financial disclosure report.

Allegation 2:

Nirenberg, as an officer of a political subdivision, knowingly spent or authorized the spending of public funds to produce self-promotional and/or private purpose communications, as prohibited by Section 255.003 of the Election Code.

For the purposes of Section 255.003(a), the "spending of public funds" includes the use of any of a political subdivision's resources. Ethics Advisory Opinion No. 532 (2015). "Spending of public funds" specifically includes use of equipment and staff work time, Ethics Advisory Opinion No. 45 (1992), and use of facilities maintained by a political subdivision, Ethics Advisory Opinion No. 443 (2002).

Section 2-49 of the City of San Antonio Ethics Code, a City official cannot use, request, or permit the use of City facilities, personnel, equipment, or supplies for private purposes (including political purposes) except to the extent and according to the terms that those resources are lawfully available to the public.

The Ron Nirenberg campaign page owns and controls the "Mayor Ron Nirenberg" Facebook page:

Office of the Mayor
Ron Nirenberg

Your feelings of anger and frustration resulting from the federal government's crude interpretations of immigration law and cruel approach to human rights are more than justified.

I empathize with the fear and fatigue this federal administration is causing within the San Antonio community, but we should heed the Chief's calls to remain peaceful should you choose to demonstrate this weekend. I also want to offer our full faith and support to both the San Antonio Police Department and the greater San Antonio community to maintain peace and order. We are confident that San Antonio knows how to do this right.

Office of the Mayor
Ron Nirenberg

The reports of the Governor deploying the National Guard to our community underscore the need for us to remain peaceful and safe this weekend.

Destruction is never appropriate, nor will it be tolerated. Exercise your right to free speech, but we urge you to keep it peaceful and lawful.

Please stay safe this weekend, San Antonio.

Big news for solar in San Antonio! 🌞

San Antonio is making huge strides in clean energy. The City is rolling out Texas' largest on-site solar program, with 13 out of 42 municipal projects already running!

This \$30M initiative is bringing rooftop solar panels & shaded solar canopies to City buildings, helping us:

- ✓ Cut energy costs 💰
- ✓ Boost efficiency ⚡
- ✓ Create local jobs 👤
- ✓ Provide shade & weather protection ☂️

Today, we celebrated a major milestone with **Big Sun Solar** and the **City of San Antonio Office of Sustainability** at the Public Safety Answering Point, where solar canopies now cover 249 parking spaces! San Antonio is on the path to zero net energy by 2040—and we're just getting started.
