SUBJECT: Judson ISD, TEA Reference #2026-01-0146 et al.

Board President Ryan and Interim Superintendent Dixon:

The Texas Education Agency (agency) conducted a special investigation of the above-referenced case number under the authority of Chapter 39 of the Texas Education Code. The investigation examined whether the district's board of trustees violated governance and open meetings requirements, and whether the district failed to comply with abuse and misconduct reporting requirements. Investigative activities included analyzing district records, such as district policies, board meeting records, and communications; analyzing applicable statutory and regulatory requirements; and interviewing witnesses. A Notice of Special Investigation was transmitted to the district on June 8, 2026, and the investigation was completed on November 9, 2026.

Based on the available evidence, the investigation did not result in a finding of district-level or board wrongdoing or identify systematic violations of the Texas Education Code or the Texas Government Code in effect during the period under review. The agency recommends that the district work with its legal counsel to ensure current policies and practices align with Chapter 11 of the Texas Education Code and the Texas Open Meetings Act.

Accordingly, the agency now considers the matter closed. This letter addresses only the allegations associated with the above-referenced case number. The allegations concerning the Do Not Hire Registry are under a separate case number (2025-04-0430) and remain open at this time.

Sincerely,
